PLANTS THAT GROW

EVERGREENS, TREES, SHRUBS, Etc.

All items may be seen at our nursery, 776
Central Avenue, and may be ordered either
there or at our store, 121 North Pearl
Street, Albany, N. Y.

NURSERY 2-4435

STORE 3-4258

TO SERVE YOU BETTER

THROUGH 43 years we have helped the people of the Capital District in their selection of cut flowers and plants. A personnel interested in the desires of our many friends takes real pleasure in showing the newest items.

We are happy to have visitors come into the store, greenhouse or nursery, simply to look if they wish. We do not urge them to buy. Perhaps at some other time we may be helpful.

Our organization is always willing to give suggestions or information to assist you in your problem. For flowers in Albany or San Francisco visit our store at 121 North Pearl Street. We are members of the Florist Telegraph Delivery with members everywhere and can deliver your floral message in the matter of an hour or two.

For plants about your home and garden visit our greenhouses and nurseries at 776 Central Avenue where you will find unlimited material for your selection.

"Plants that grow" is not an idle phrase. We have tested everything we recommend for hardiness and general usefulness and can advise you as to its suitability and best use.

Roses, annuals, perennials, dahlias, gladioli and chrysanthemums are listed in another booklet. We will be pleased to send you a copy.

Danker

GENERAL INFORMATION

THIS BOOK is intended as a guide for our customers. In it you will find listed only material that has been tested and proven hardy by us. Use this as your handbook, come into the nursery and see the plants as they grow. All material is well grown, thrifty and will transplant well.

We maintain a landscape service to enable you to select the right material for the right place. A card or a phone call will bring our representative to call on you. If desired we will design a planting suited to your needs and wishes. There is no charge for this service, see page 23.

PRICES are for the spring season, 1941. Market conditions may force use to increase some prices as the season progresses. Therefore we reserve the privilege of changing prices when necessary to replenish our stock.

Prices, with the exception of collected material, are all less planting.

Material desired "balled and burlapped" (B&B), except for evergreens and other items as noted in the list, will be charged according to the size of the plant.

2-3'.....	\$.15	4-5'.....	\$.35	6-8'.....	\$.75
3-4'.....	.25	5-6'.....	.50	8-10'.....	1.00

NEW ACCOUNTS. Cash with order or satisfactory references. All bills due and payable within thirty days. For those who desire it, a budget planting can be arranged to spread the cost over five or six months time.

CLAIMS. All claims must be made immediately upon receipt of goods.

If by express or freight the delivery receipt should be marked "received in damaged condition." This is for your protection as the carrier is responsible for safe delivery.

NO WARRANTY. We exercise the greatest care to have all bulbs, plants and nursery stock true to name and free from disease and defects. While we are prepared to replace any which may be otherwise, on receipt of proper proof, we do not give any warranty, express or implied, and will not be responsible for the crop, nor shall we be held for a greater amount than the original price of the goods. If the purchaser does not accept the goods on these terms and conditions, they must be returned at once and the money which was paid for them will be refunded.

If you are interested in planting Roses, Annuals, Perennials, Dahlias, Gladiolas, Chrysanthemums ask for our price list covering these items.

EVERGREENS

FOR pleasure throughout the year—winter and summer—evergreens afford the most satisfaction. In summer their cool greens afford pleasing shadows to lessen the heat, add depth of color to any planting and are ideal for background anywhere. With the loss of foliage on the deciduous material in winter the color of the evergreens add warmth and softness to the landscape.

Varieties offered are of proven hardiness and suitable for our climate. All are freshly dug and have the best of chances of growing after moving.

For evergreens to be planted in special locations, see page 35.

BROAD LEAF EVERGREENS

THIS GROUP comprises only material that we have found reasonably hardy here. All broad leaf evergreens need some winter protection and a favored place to grow.

Plant with care and enjoy some of the finest flowers that grow.

For planting in special locations, see page 35.

LARGE TREES

Everyone who plants a tree hopes some day to enjoy its shelter as it grows larger. Our recommendation is always to plant trees as large as possible. It takes so long to grow into enough shade or shelter to realize our dreams. We have the equipment to fulfill this desire at once and can safely move trees up to twelve inches in caliper (diameter of the trunk) with a good ball of roots and earth. Perhaps you have a large tree on your property that would be of greater value if moved to another location. We will gladly quote you prices on moving trees with our tree mover.

FLOWERING SHRUBS

OUR GREATEST variety and show of color are to be had in this group. Plants of almost any size growth will be found in this list. Some will stand shade, others dry or wet conditions.

Select the plants that will bloom or fruit when you want your garden to be at its best.

See page 35 for listing of plants for special uses.

The unit price of each plant is listed below. One dozen of a kind will be sold at the price of ten. (50 cents each or \$5.00 per dozen.)

ACANTHOPANAX pentaphyllum		FIVE-LEAF ANGELICA

LANDSCAPE SERVICE

In forty-three years, we have learned much about plants and planting. We feel that we can be helpful in the proper landscaping of your home.

Many plants suitable for one location will not thrive in another, while some will grow too large for their place and crowd surrounding material, causing badly shaped specimens to develop. We all have our special favorites and want to use them in our planting. Incorporating yours in the plans makes a garden you will take pride in claiming as your own.

We will furnish a plan for your planting as extensive as you desire and indicate various units for each successive step as you are ready to complete them. There is no charge for this service. Our budget plan is available to those who desire to spread the cost over a reasonable length of time.

A phone call or postcard will bring our representative to see you.

VINES THAT CLIMB AND TRAIL

WE LIST a representative group of vines that will serve almost any need, foliage screen, flowers, or ground cover.

For planting in special locations, see page 35.

CHINESE WISTERIA

Grafted plants \$1.50 and up.

Larger vines.

PLANT MORE VINES

Home owners lose many opportunities for greater beauty in not planting more vines. Some objections can be overcome by using trellises stained a natural weathered color. This eliminates the necessity of removing the vines periodically to renew the paint.

By all means plant vines where you want privacy, shade or beauty and have limited space for the spread of a large plant. There is a vine for almost any location.

FRUITS FOR YOUR HOME

THE FRUITS listed have proved most satisfactory and popular over a period of years. Plant what you can for shade and the enjoyment of growing your own fruit.

Note the varieties marked (x). They may be had in heavier plants for earlier bearing at proportionate prices.

APPLES

11/16 inch caliper, \$1.00 each. Many in larger sizes as noted by (x).

- Summer:* Red Astrachan, large red, juicy and tart.
 Yellow Transparent (x), tender and juicy, sub acid, an early bearer.
 Wms. Early Red (x), large red, crisp, juicy, sub acid.
- Autumn:* Duchess, yellow-red, juicy, strong grower and abundant bearer.
 Lobo (x), similar to McIntosh, red, extra flavor.
 Yellow Newton Pippin (x), yellow, tender and rich—October-December.
 Wealthy (x), red, juicy, fine quality—October.
 Yellow Delicious (x), early bearing, thrifty and hardy.
- Winter:* Baldwin, bright red, crisp, juicy, very productive.
 Delicious (x), large bright red, highest quality.
 Jonathan (x), heavy bearer every year.
 Northern Spy, yellow-red, good keeper.
 McIntosh (x), early winter apple, a standard for New York.
 Red Rome Beauty, early bearer, solid red, excellent keeping.
 Stayman's Winesap (x), large red, juicy, fine for storage.

CRAB APPLES

- Hyslop, large deep crimson—October.
 Transcendent, yellow-red, good eating or for preserving.

PEACHES—9/16 inch \$.50 each

Elberta, large, red-yellow, a standard for flavor and quality.

Golden Jubilee, an early freestone, large, clear yellow fruit.

J. H. Hale, large, fine grained, deep yellow flesh.

Rochester, early freestone, long keeping, hardy.

CHERRIES—\$1.00 each

Black Tartarian, sweet, very large, early.

Montmorency, productive and best for preserving.

Schmidt's Bigarreau, sweet, large, dark red, strong grower.

Yellow Spanish, yellow, red cheeks, juicy, firm.

PEARS—\$1.00 each

Bartlett, juicy, a highly flavored, early bearer—September.

Buerre d'Anjou, greenish yellow flushed crimson—October.

Clapp's Favorite, very large yellow—September.

Worden Seckle, an improved seckle.

PLUMS—\$1.00 each

Abundance, amber, juicy and sweet, productive—September.

Burbank, large, clear red, heavy bearer—September.

German Prune, large, dark blue, rich flavor—September.

Red June, large, deep red—early August.

GRAPES—\$.25 each except as noted

Agawam, large, dark red, early.

Caco (catawba-concord), hardy-large red, earlier than concord. \$.50 each.

Concord, black-hardy, an old favorite.

Moore's Diamond, greenish white with yellow tinge.

Niagara, white, the best white grape.

FINISHING YOUR GARDEN

Few gardens are complete without the color so freely given by the annuals and perennials throughout the season. Early gardens have their show of spring bulbs followed by the various types of iris and the tall delphiniums.

Midsummer offers an unlimited choice of fine things. Phlox, Day Lilies, and Oriental Poppies are perhaps the showiest plants at this time, with many others offering their bloom for your pleasure. The annuals are just beginning to furnish their bounty and fill in the gap between the summer and fall flowers. Do not fail to use plenty of them for this and later cutting.

Fall, with its riot of gold and yellow, is best represented by the chrysanthemums and hardy asters, though many of the other perennials bloom through to frost. The annuals are now at their best and every plant furnishes a wealth of bloom as the days shorten.

Use our perennials and potted plants for best results and enjoy the benefits of "Plants That Grow." Ask us for our list.

PEONIES

PEONIES furnish the most in flowers for little care over a long period of time. The only thing they need is plant food. We offer a wide range of varieties, all choice kinds, proven by test through the years.

Some heavy plants in a few varieties available.

The number after the name shows the rating given by the American Peony Society on the basis of 10.0 for a perfect flower.

WHITE

Early

FESTIVA MAXIMA, 9.3. *Pure white center, petals tipped with red, fragrant. The most popular for cutting* . . . \$.50

Single

MIKADO, 8.6. *Deep red with golden stamens*75

INNOCENCE, 8.3. *Light rose guards, canary yellow center fading to a creamy white*50

DEEP ROSE. Single50

FLESH PINK. Single50

Plant peonies for permanence by preparing the ground well and adding plenty of fertilizer.

FERTILIZERS AND SOIL IMPROVERS

SOILS in this region are as a whole low in plant food—use plenty of organic matter, such as peat or humus for soil improvement (to break up a heavy soil or to hold moisture in a light sandy soil). Add fertilizer frequently in properly sized applications for the best growth.

AGRICO

For lawns, trees and shrubs.

5 lbs.	\$.45	25 lbs.	\$1.50
10 lbs.75	50 lbs.	2.50
100 lbs.	\$4.00		

BONEMEAL

Pure steamed.

For all garden purposes, good for anything, Safe but somewhat slow.

5 lbs.	\$.60	25 lbs.	\$1.50
10 lbs.85	50 lbs.	2.50
100 lbs.	\$4.00		

BOVUNG

Natural cow manure, containing not less than 75 per cent organic matter, dehydrated and pulverized.

4 lbs.	\$.25	50 lbs.	\$1.50
10 lbs.50	100 lbs.	2.75
25 lbs.	1.00	1 ton	42.50

CATTLE MANURE

(Wizard Brand)

Pulverized and dehydrated; free of weed seed. One sack equals a cartload of green manure.

10 lbs.	\$.60	100 lbs.	\$3.25
25 lbs.	1.00	500 lbs.	15.00
50 lbs.	2.00	1,000 lbs.	28.00
1 ton	\$53.00		

ENGLISH FORMULA

Lawn and garden dressing.

A natural organic fertilizer containing long lasting elements. Slightly alkaline in reaction and will improve sour soils.

5 lbs.	\$.65	50 lbs.	\$2.95
25 lbs.	1.75	100 lbs.	5.50

HARDWOOD ASHES

Fine for soil and lawn.

If you like to work in the garden use EEZY WEAR GARDEN GLOVES.

All-Leather—*Dirt-Proof—Soft as Kid*—Extra Pliable

Ideal gloves for men and women, made from select imported leather processed to render it amazingly soft and pliable, as well as durable. Permit almost barehand freedom with perfect comfort, yet insure complete protection from dirt, scratches, bruises, stains. Economical—outwear 6 pairs of fabric gloves and are useful the year 'round for Garden, Housework, Painting, Yard, Furnace, Garage, etc.

WASHABLE! Sizes for women: "Small," "Medium," "Large." Sizes for men: "Medium," and "Large."

Price: 75c a pair; 2 pair, \$1.40, postpaid.

KREME SKIN GLOVES

A more desirable glove especially treated for softness and flexibility.

\$1.00 per pair.

DANKER'S HIGH GRADE LAWN SEED

Clean—No dust, dirt or chaff.

No Weeds—It is all lawn seed.

Full, Plump Seed—Insures sturdy growth and good germination.

Hormodin-treated to insure quick and full germination. Seeds so treated make twice the root growth of untreated seed.

Sow—

5-7 lbs. per thousand sq. ft. of new lawn.

3-4 lbs. per thousand sq. ft. of old lawn.

High Grade Lawn Grass Seed.

This is our regular mixture for most lawns not shaded. We have proved the mixture by long use and can recommend it unconditionally.

1 qt. carton (11 oz.)	\$.35
2 lb. bag	.80
5 lb. bag	2.00
10 lb. bag	4.00
20 lb. bag	7.50
50 lb. bag	17.50
100 lb. bag	35.00

Shady Place Grass Seed.

Our special mixture for parts of lawn shaded by trees, buildings, etc.

1 qt. carton (11 oz.)	\$.50
2 lb. bag	.95
5 lb. bag	2.35
10 lb. bag	4.50
20 lb. bag	9.00
50 lb. bag	21.00
100 lb. bag	42.00

A lawn full of vitality and growing strong is the best insurance against weeds. The weeds are crowded out before they can establish themselves.

Be sure to fertilize the soil before you seed and frequently after the grass is established if you want best results from your lawn.

WHAT SHALL I PLANT?

For quick growth:

TREES:

Acer dasycarpum
Acer dasycarpum wieri
Picea excelsa
Pinus resinosa
Salix in variety

SHRUBS:

Eleagnus angustifolia
Ligustrum ibolium
Lonicera fragrantissima
Lonicera morrowi
Lonicera tatarica

For clipped hedges:

TREES:

Fagus sylvatica
Crataegus oxycanthus
Picea excelsa
Taxus varieties
Thuja occidentalis
Tsuga varieties

SHRUBS:

Berberis varieties
Ilex convexa
Ligustrum varieties

For smoky places:

TREES:

Ginkgo biloba
Picea pungens
Pinus nigra
Populus varieties

SHRUBS:

Acanthopanax pentaphyllum
Berberis thunbergi
Forsythia varieties
Ligustrum varieties
Rhodotypos kerrioides
Symphoricarpos varieties
Syringa vulgaris

For partial shade:

TREES:

Cornus varieties
Magnolia soulangeana
Oxydendron arboreum
Taxus varieties
Tsuga varieties

SHRUBS:

Acanthopanax pentaphyllum
Aronia arbutifolia
Hydrangea arb. grandiflorum
Hypericum aureum
Leucothoe catesbaei
Ligustrum varieties
Lonicera fragrantissima
Pieris floribunda
Rhodotypos kerrioides
Symphoricarpos varieties
Viburnum varieties
Vinca minor

For wet locations:

TREES:

Acer rubrum
 Acer dasycarpum
 Liquidamber styraciflua
 Nyssa sylvatica
 Populus varieties
 Quercus palustris
 Quercus rubra
 Salix varieties

SHRUBS:

Aronia arbutifolia
 Azalea viscosa
 Clethra alnifolia
 Hypericum densiflorum
 Ilex verticillata
 Salix incana
 Vaccinium corymbosum
 Viburnum dentatum
 Viburnum lentago

For dry locations:

TREES:

Cornus florida
 Cornus florida rubra
 Malus varieties
 Quercus rubra
 Pinus nigra
 Pinus strobus

SHRUBS:
